Each applicant was given a Webex meeting code and 10-minute call in time to review their application with the Board starting at 6:00p.m. and through 8:30pm. Due to delays in the start time of the meeting Chairman Dauphinais called the first applicant at the phone number provided by the applicant.

The Board identified themselves to each caller at the start of each call. Each caller confirmed they were the applicant to the Board.

Each application was reviewed and discussed by the Board and the applicant was given an opportunity to discuss with the board and ask questions. Each application was reviewed in the order in which appointments were scheduled.

Motor vehicle values as documented by the applicants were corroborated by the Board using the applicable NADA guides.

Two applicants were not present for their call time. However, the Board was provided sufficient documentation for review and to take action on their application.

All actions taken and Appeal adjustments are noted on the attached sheet. Actions put forth by Chairman Dauphinais, motions made and seconded by Kevin Gaudreau and Russell Lavigne, respectively. Motions passed unanimously on all values as attached.
