Dear Commission,

The attached letter of support was sent to my office this morning instead of to your public comment email address. This is just to pass it along to you.

Regards,
Tim

If you receive an e-mail or any other communication that appears to be generated from Waller Smith & Palmer, PC that contains new, revised or altered bank wire instructions, consider it suspect and call our office at a number you trust. Our bank wire instructions seldom change.

Thank you.

Dear Members of the Planning and Zoning Commission,

My name is Alyson Therrien and I am writing in support of Application #21-1276 to change the zone of 543 Wauregan Road and 19 Lucienne Avenue to the Light Industrial District. Please add this letter to the Commission's record at the public hearing on this application.

I support this application because I believe it would be good for Killingly and the neighborhood. This application will help a new business, Melting Point Welding & Fabrication, LLC, relocate to Killingly and this will help revitalize the long vacant building at 543 Wauregan Road. That building has been empty and unused for a long time, so this will be a good thing.

Thank you for considering my comments and I ask that you please grant application #21-1274.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Alyson Therrien', with a stylized, flowing script.

Alyson Therrien

Dear Commission,

This is to forward to the Commission a copy of a letter of support for Application 21-1276 that my office received today from Rayette Burkhardt. This is in addition to the letter that I forwarded earlier this morning.

Best regards,
Tim

Planning and Zoning Commission, App. #21-1276
ATTN: Ann-Marie L. Aubrey, Director of Planning and Development
Killingly Town Hall
172 Main Street
Killingly, CT 06239

Dear Members of the Planning and Zoning Commission,

My name is Raylette Burkhardt and I work for Plainfield Renewable Energy, and I am writing in support of Application #21-1276 to change the zone of 543 Wauregan Road and 19 Lucienne Avenue to the Light Industrial District. Please add this letter to the Commission's record at the public hearing on this application.

I support this application because I believe it would be good for Killingly and the neighborhood. This application will help a new business, Melting Point Welding & Fabrication, LLC, relocate to Killingly and this will help revitalize the long vacant building at 543 Wauregan Road. That building has been empty and unused for a long time, so this will be a good thing.

Plainfield Renewable Energy has done business with Melting Point Welding & Fabrication, LLC, for many years and have always found them to be professional and courteous.

Thank you for considering my comments and I ask that you please grant application #21-1274.

Sincerely,

Raylette Burkhardt
