To whom it may concern,

My name is Dana Gifford, I live at 392a Hartford Pike, Dayville, CT. I have lived here for over four years.

I am writing to express my support for the comprehensive (72% reimbursement from the State) proposal for the Killingly Memorial School Renovation project.

Thank you for your consideration.

Sincerely,  
Dana Gifford

**Subject:** Construction Project at KMS

Council Members,

I fully support this project. It is a well funded opportunity to provide a safe and up to date facility for the education of our children and for all those associated with that important responsibility and work in the building.

Thank you for your public service!

**Subject:** Full Support

Greetings,

Thank you for the ability to submit my full support of this project. This expanded project is a vital part of moving Killingly forward. As someone who was educated in Killingly, I am grateful for the communities tradition of investing in the future of their children. This decision is no different than those that came before it. We must invest now while the opportunity is here. In my professional career the proposal you are considering is unprecedented. I have been a union carpenter for 20 years. This is the first time I have been able to support a project with this kind of state reimbursement schedule. This project will also allow for local jobs to be available in the near future for local trade workers. An additional added benefit would be to the local trade school graduates being able to start a career close to home. The future is uncertain being able to vote jobs in today for tomorrow could be the greatest gift we give this year. The time is now vote yes.

Respectfully,

David Jarvis  
Council Representative  
North Atlantic States Regional Council of Carpenters

To whom it may concern,

In regards to the KMS School Project. I am a Killingly resident with children in the school system and a union carpenter. I am in support of the proposed renovations. As a Killingly tax payer the upgrades to the school are a major benefit for a minimum investment.

Thank You

**Subject:** Renovation of the Killingly Schools

Hello, my name is Gary Jaworski. I am a killingly resident, (1668 north rd) and I have been my whole life. I also am a Union Carpenter local #326. I helped rebuild the Putnam School renovation project in 2015-2016, and I support the renovation of our schools here in Killingly. We need nice buildings for when our children can finally go back to school.

Thank you,  
Gary Jaworski

To the Killingly Town Council,

In regards to the expansion project to Killingly Memorial School:

First and foremost as a father to a child who attends Killingly Memorial School, I would like to voice my support for the expansion project! I am also a proud member of The United Brotherhood of Carpenters & Joiners of America (Connecticut local 326). I think education is key in every aspect of life and would be very pleased to support our local school, kids and community in this new expansion project.

Sincerely,

Tye Trotter

I would like to go on record that I am in favor of the new update of KMS. It is time to make this school safe for our children and teachers. I do recommend a close review of all works to be accomplished to make sure no other cost comes up. Please make sure everyone will be safe during these updates. Even if you have to use the old high school for classes like Plainfield did. Let's make sure we have a safe and clean environment for our students and teachers while the updates are being accomplished.

Thanks you

**Subject:** KMS Project

Ms. Calorio,  
I'm hoping that you can see that this email is forwarded to all Town Council members, as other than individually emailing each Council member via their hyperlinked name, I could not locate a comprehensive list of email addresses on the town website.

Town Council Members,  
I'm writing to express my support of the expanded KMS renovation project. As we are committed to this building for purposes of education for the next 20 years, it'd be foolish to not take advantage of 15 million in upgrades at a cost of only 2 million dollars. Investing in our schools/students is an investment in the continued progress of our community.

Many thanks for your continued work on behalf of our town, Misty Crowley

I support the new renovation plan for the school. 72% reimbursement from the State of CT is a win for the Town. The children, teachers, and other staff deserve a school that is safe and updated to handle new technology.

As a supporter of excellent Killingly education I am very interested in this new proposal. At first glance it appears to make a lot of sense to bring the school up to 2021 standards at a time when the town can receive the best State reimbursement. My concern will be how it will impact the tax rate. I hope this will be discussed at this meeting.

Thanks and please all stay safe!
