Chairman, Paul Gazzola Jr, explained to the Applicant that he will need a unanimous vote from the Board in order for his application to get approved. Mr. Morrison stated that he understands and would like to move forward with the hearing this evening.

William Menghi stated, for the record, that he knows the applicant and has worked with him on projects. Mr. Morrison does not have any issue allowing Mr. Menghi to hear and vote on his application. David Izzo Sr stated that he knows the applicant as well. Mr. Morrison also stated that he has no issue with Mr. Izzo sitting on the board to hear his application.

Corey Morrison, Applicant, next reviewed his application with the Board. He further pointed out that the application stated a 30’ x 30’ addition which is incorrect. The addition is actually 35’ x 35’. Mr. Morrison signed a statement stating that he accepts the change in the application. (See attached). Mr. Morrison further pointed out that this is really the only area to put the addition as the back of the property may have some contaminants from a prior owner. He does not wish to disturb this area. He also stated that this addition will make the property esthetically better than it is right now. He further stated that this addition is only being used for storage.

William Menghi made a motion to close the public hearing of Application #18-823 of Corey Morrison for NE Stone Source to vary Town of Killingly Zoning Regulation Section 450, Table A, Min. setback from street line from 75’ to 55’ for a 30’ x30’ addition. STAFF REPORT

GENERAL INFORMATION: VARIANCE #20-824

REQUEST: Application #20-824 of Susie Bernado to vary Town of Killingly Zoning Regulation Section 566.6.g, to allow for a second driveway for a secondary dwelling unit. Property located at 17 Ferland Dr; GIS Map 132 Lot 72; Low Density Zone.

PURPOSE: To vary Town of Killingly Zoning Regulation Section 566.6.g, to allow for a second driveway for a secondary dwelling unit.

APPLICANT: Susie Bernado

OWNER: Susie & Patrick Bernado

PARCEL ID: GIS Map 132 – Lot 72

LOCATION: 17 Ferland Drive

ZONING: Low Density Zone

REPORT BY: Jonathan Blake, Planner / Zoning Enforcement Officer

SUMMARY: The applicant would like to construct a Detached Secondary Dwelling Unit (In-Law Apartment). The applicant claims that the site conditions prevent the continuation of the driveway (from Ferland Drive) to service and in-law apartment, however a second drive could be created from Kenneth Drive since 17 Ferland Drive is a corner lot. The applicant claims that a literal interpretation of Section 566.6.g prevents a second driveway to service the proposed detached In-Law apartment.

Section 566.6.g – Detached Secondary Dwelling Unit Requirements: g) Access from the public right-of-way shall serve both the primary and secondary dwelling units; no additional curb cuts shall be created to serve a secondary dwelling unit.

Another section of the Town of Killingly Zoning Regulations does address properties with two (2) or more frontages but does not restrict access from both frontages if access does not pose a hazard.

Section 530.2.2.e – Parking Lot Standards: e) Where a lot has frontage on two (2) or more streets, the access to the lot shall be provided from the street where there is lesser potential for traffic congestion and for hazards to traffic and pedestrians.

The following documents have been provided the Boards review: application, property card and GIS aerial.
The applicant is claiming a hardship under Section 800.2.1 (a,b,c,d) as described in the application to the board.

REGULATION:  

Article VIII. Zoning Board of Appeals; Section 800.2 of the Zoning Regulations of the Town of Killingly specifically states that a "variance from the terms of these regulations shall not be granted by the Zoning Board of Appeals unless and until...a written application for a variance is submitted on a form prescribed by the commission demonstrating:

800.2.1.a. That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the district.

800.2.1.b. That literal interpretation of the provisions of these regulations would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of these regulations.

800.2.1.c. That the special conditions and circumstances do not result from actions of the applicant. Purchase or lease of the property shall not constitute such an "action" in this instance.

800.2.1.d. That granting the variance requested will not confer upon the applicant any special privilege that is denied by these regulations to other lands, structure or buildings in the same district.

The regulations require that all four criteria be met for the Board to grant a variance request. In addition, Section 800.2.5 demands that the Board grant only the "minimum variance necessary" for a "reasonable use of the property".

RECOMMENDATION:

Staff recommends the board listen to the testimony presented during the public hearing and weigh the information submitted against items 800.2.1.a-d listed above. If sufficient evidence is presented then the variance can be granted for those reasons.

In all variance approvals, the minimum variance necessary to accomplish the goal needs to be granted.

SECTION 566. SECONDARY DWELLING UNIT

Section 566.1 – Intent

It is the intent of this Secondary Dwelling Unit (SDU) section to:

a. Provide flexibility in housing options in response to the changing needs of families;

b. Create new housing units while respecting and maintaining the appearance and scale of single-family development;

c. Provide housing that responds to smaller household size and increasing housing costs;

d. Provide opportunities for a younger generation to live independently; and

e. Provide an older generation with a means of obtaining rental income, security, companionship, and/or services, thereby enabling them to stay more comfortably in homes and neighborhoods they might otherwise need to leave.

Section 566.2 Definitions

Secondary Dwelling Unit – an additional dwelling unit established in conjunction with a primary residence (single family dwelling) on the same lot. A secondary dwelling unit shall include a kitchen, sleeping quarters, and full bathroom facilities with a permanent foundation. There are three types of secondary dwelling units: Interior (often referred to as an in-law apartment), Attached and Detached.

Primary Residence – is the principle residential structure.

Gross Floor Area – For the purpose of the secondary dwelling unit, the gross floor area shall be the total floor area (in square feet) of all floors in the secondary dwelling unit. If the secondary dwelling unit is part of a larger structure (garage, barn, or primary structure) then the gross floor area is calculated by the outside area of walls of the secondary dwelling unit only. This would include stairwells and elevator shafts, but would not include areas such as unfinished basements, garages, or mezzanines.

Example 1: a one story building with exterior wall dimensions of 20’ x 25’ would have a gross floor area of 500 square feet. If that same building was two-stories, the gross floor area would be 1000 square feet.

Example 2: a one story building with exterior wall dimensions of 20’ x 50’ (1000 square feet) contained a secondary dwelling unit that was 20’ x 25’ then the gross floor area of the secondary dwelling unit would be 500 square feet.

Section 566.3 An Secondary Dwelling Unit may be permitted in the following zones:

- Rural Development
- Low Density
- Medium Density
- Residential Medium Density (Borough)
Section 566.4 Secondary Dwelling Unit Types

- Interior – Located within the existing primary residence and is typically a conversion of existing space. For example: an attic or basement.

- Attached – Living space that are added to the primary residence. The additional unit can be converted out of an existing attached garage or constructed on the side and/or rear of the primary residence.

- Detached – A freestanding unit separate from the primary residence. A detached garage conversion or new construction, within the same lot boundaries of the existing primary residence.

Section 566.5 Interior & Attached Secondary Dwelling Unit Requirements (Zoning Permit Only)
