TOWN OF KILLINGLY
ENGINEERING DEPARTMENT
REQUEST FOR PROPOSALS

Installation of Playground Grass at Owen Bell Park

580 Hartford Pike, Dayville CT 06241

PROJECT DESCRIPTION

The Town of Killingly is requesting proposals for the complete installation of approximately 4,000 S.F. +/- of long wearing artificial playground grass, including safety foam for a 4 foot fall (approximately 1,700 S.F. +/-) and for a 6 foot fall (approximately 2,500 S.F. +/-) and all materials required for the manufacturers recommended installation for the Owen Bell Park Boundless Playground area shown on the attached sketch. The sketch was generated from the Towns online mapping and does not reflect field measurements. The quantities shown are approximate. It is the responsibility of the bidder to verify quantities prior to bidding.

The Town of Killingly will remove and dispose of the existing rubberized material and box out and remove the soil to the specified depth required in the successful proposal.

The successful contractor is responsible for completing the project including but not limited to protecting the worksite, transportation, purchasing, supplying, installing and disposal of all other materials required for the completion of the work. All prices are considered complete and in place.

All work is complete and in place and will carry the full manufacturers warrantee. Project documents may be obtained on the Town of Killingly Website https://www.killingly.org/finance/pages/bids-and-rfps or the CT DAS Website https://biznet.ct.gov/SCP_Search/

Questions can be submitted to the Town Engineers Office at engineering@killinglyct.gov before 1:00 PM on April 22nd all replies and addendums will be posted on the Towns website with the RFP. It is the responsibility of the bidder to inform themselves of this information.

All proposals will be considered on their own merit. Alternatives such as but not limited to bacterial or static resistance shall be clearly stated. Alternate proposals or modifications and their benefit to the Town must be presented clearly. Price, quantity, quality, schedule and performance will also be considered in evaluating the proposals. Each bidder must become familiar with the existing site conditions prior to bidding. Considering the Covid -19 situation all proposals must be clearly marked “Installation of Playground Grass at Owen Bell Park” and be submitted by mail in a sealed envelope to the Town of Killingly Engineering Office located at 172 Main Street
Danielson CT 06239 on or before April 30th, 2020 at 10AM. The bids will be opened and read aloud on Wednesday May 6th at 10:00 AM on Facebook live.

Please note the Killingly Town Hall is currently closed to the public. It is advised to make every effort to ensure that your submittal arrives before the due date and time stated above. Bids or proposals received after the due date and time will not be accepted.

**The Successful Proposal will at a minimum include:**

- Detailed drawings of the work to be performed
- List of materials, quantities and suppliers to be utilized on the job
- Compliance with ASTM F 1292-04; 1951-99; 1551 & ASTM 1292-04 and a coefficient of permeability (150 gpm or greater per sq. yd. preferred)
- List of Relevant Projects and References
- List of Personnel and equipment to be used on the Project
- Insurance Certificate
- 10% Bid Bond
- Performance & Payment Bonds upon award of Project
- Project Schedule
- Warrantee details
- Compliance with all Federal, State and Town Regulations including Labor Wage Rates if applicable

The Town of Killingly at its sole discretion, reserves the right to accept or reject any and or all proposals in part or in whole whenever, it is deemed to be in the best interest of the Town.

The Town of Killingly is an equal opportunity employer.
