Subject: Board of Recreation Endorsement

Good evening,

My name is Arminda Hudon and I reside at 42 L'Homme Street Danielson. I am contacting you to endorse Lori Zornado for the Board of Recreation.

I have first hand knowledge of Lori's passion for the recreation program in our town. I had the privilege to work by her side in volunteering at the Rec Center for many years as part of our children's participation in many of the programs that the Rec Center has offered to our community.

The Zornado family is very well known at the Rec Center, specifically at the Little Theater. Her children participated in many theater productions, summer children's music and sports programs. Lori not only volunteered to build sets, care for and repair theater costumes, provide makeup application and hair design for the shows, she also was a cast member for many theater productions and she never missed a Christmas Cabaret with her family.

Where there was a need, Lori was there to help out. I recall that the theater makeup and hair room was cluttered and disheveled. Lori had the idea to fix up the room so the kids had a clean and organized place to prepare for shows. Together Lori and I cleaned, moved furniture and redesigned the theater makeup and hair room given approval from the Rec Center director. In addition, as an athlete, Lori took advantage of the variety of fitness classes and race events the center has offered throughout the years.

Lori continues to be involved in community fundraising events. I am the President of Building Awareness Rocks, Inc. (Formerly Kicking Kares), a nonprofit corporation that supports children, educators and families that are touched by exceptionalities. I have always been able to rely on Lori to, not only donate to our cause, but to volunteer and raise awareness of our fundraising efforts throughout the community.

It is without reservation, as a community member, that I endorse Lori Zornado for the Board of Recreation. Her interest in this position is based on her

personal history of the direct impact the recreation program has provided her family. I know that it is her passion to help continue to see families experience our community recreation programs and to be part of its growth in the years to come.

Thank you for considering Lori Zornado for Board of Recreation.
Fondly, Arminda Hudon

Subject: Public comment for the Feb. 1 Town council meeting

Hi,

Please support Michael Hewko for the Planning & Zoning Commission. His experience working at Electric Boat's planning department and serving on the Dayville Fire Company as Fire Chief and as Vice President of the Board of Directors will be an asset for the Planning & Zoning commission and the town.

Please support Lori Zornado for the Board of Recreation. Her background as a licensed clinical social worker will be an asset to the board and to the town. She can help the board create or improve the board's programs so that they promote fun and a healthy community overall.

Teresa Barton
