**Subject:** Eversource Property

Good Morning,

I am writing as a concerned resident of Killingly CT. Please explain what "resolution for a proposed conveyance of Eversource property to the Town of Killingly on Lake Road" means. Why does the Town Council want to have this property conveyed to them from Eversource?

Thank you.

Please tell all of us exactly what the purpose of Eversource ceding land to the Town is! Is it to enable/help NTE to get started or make life easier for them, even though they are not fully/legally approved yet? Please clarify for all and not pass items without citizen input. Thank you , Frank Aleman

**Subject:** Conveyance From Eversource to Town

Hello,

I am a resident and was looking at the Town Council notes and saw that there was an issue on conveyance of properties related to the reconstruction of Lake Road from Eversource to the town. I am wondering what this would be for? Has the town planned some new construction for Lake Road? Is something else being considered for this area? I would really like to know why the town is taking property that Eversource has on this street.

Thank you for your time and await your reply,

Lisa Suchy  
Island Rd  
Dayville CT 06241

Under New Business, item C....what is the purpose of the proposed conveyance of Eversource property to the Town? In the event that NTE does not receive DEEP final approvals or the Supreme Court decision sends them back to the Siting Council to reapply, is the Town still planning on widening Lake Road ?

I hope this item will be discussed during this meeting.

Thank you,

**Subject:** Lake rd

Please explain the information on Lake Rd property conveyance

NTE still has some outstanding permits

It would b unwise to widen that rd  
It'll become a racetrack and destroy the country rd ambience for Wyndham  
land trust property etc n for those homes

Looking forward to more info  
Thank u Denise Archambault
